

Des Plaines River Watershed Workgroup
Lakes Committee
Meeting Notes
1/25/2018

1. Alana called the meeting to order at 10:04 am
2. Roll Call: Alana Bartolai, Tom Morthorst, Rob Flood, Gerry Urbanozo
3. Items Added to the Agenda - none
4. Rob Flood made a motion to approve minutes, Tom M seconded. Motion passed unanimously.
5. Public Comment -none
6. Lake Load Calculations (WILMS) – Start inflow/outflow modeling at Gages Lake, Third Lake and that part of the watershed. There is a budget for \$20K for sampling in 2018. There was some discussion about if this work would be sent out for bid or if LCHD would do the work. It will be determined later if it will go out for bid. There was a suggestion to compare the WILMS results to Northwater’s modeling results. There was a discussion about how the committee wants to move forward – it was suggested the committee focuses on lakes with active management because those are the lakes that will have people to manage projects.
7. Other Business – Lake Monitoring Volunteer Program – Alana says there are 3 levels to the program and wondering if anyone knows of anyone who would want to move to a higher tier. Zebra Mussels – could be monitor for zebra mussels thru the VLMP program. There was discussion about what the endpoint would be for zebra mussel data. Continuous chloride monitoring – 9 sites total.
8. Old Business – Northwater will be doing a webinar in this room right after this meeting. LCHD is hosting a Lake Planning Workshop, Feb. 24, 9- noon.
9. Beth presented Save The Date postcards for the next De-Icing Workshop. Everyone should contact school districts/ etc to spread the word. Presentation on the liability.
10. Motion to Adjourn: Rob Flood Seconded: Tom Morthorst

Lakes Committee Members Present

Alana Bartolai, LCHD,
Rob Flood, NSW
